
ISSUE #024

Not your number. The **valuer's** decides.

How to sanity-check your own number before the valuation lands.

YOUR NUMBER VS THEIRS

PROPERTY NOTES · ISSUE #024**Your number vs theirs**

What you think the property is worth and what a lender's valuer says it's worth are two different questions, and only the second one turns into anything usable.

SAM'S 55,000 GAP

PROPERTY NOTES · ISSUE #024**Sam's 55,000 gap**

He'd priced his own equity off recent sales in the street, landing around 900,000. The bank's valuer came back at 845,000, a 55,000 gap that exists purely because his estimate was never the one that counted.
